### Distributor's notes

#### About the Winery:

From the heart of Provence on Julian Faulkners family estate, Jules wines offer quality and originality. The Jules wine collection remains driven by Julian's passion for finding gems in unlikely places and breaking free from the standard categories of price and style.

#### About the Wine:

A bright truly yellow color. The nose conveys exotic pineapple and grapefruit aromas with hints of linden-tree, honey and mint in the background. The mouth offers a delightful balance that is both fresh and rounded with a very pleasant fruity finish.
