750 mL x 6 – BHSPFCC

Distributor's notes

MOG Selections is a wine producing company that aims to share its rare and limited creations directly with the wine aficionado and forego the traditional business model for wine. MOG Selections decided from its conception to focus on securing mature vineyard sites, with the potential of producing healthy and expressive fruit. MOG accompanies their wines through every stage of their development until the final wine is defined based on its quality level, typicity, singularity, and potential for aging.

Tasting Notes:

Yellow-lemon color, expressive with a very complex bouquet, which reveals sophisticated aromas of citrus peel, stone fruit, crushed granite rocks, thyme and salt. On the palate it is lipid and mouth coating, revealing the same flavors that are appreciated on the nose. A wine with high storage potential, maximum expression after its fifth year.

Maturation:

Partially fermented in French oak barrels and subjected to four months of bâtonnage. It remains bottle cellared for 12 months before being released to market.
